

2 December 1980

MEMORANDUM FOR: Chief, Policy and Plans Group

FROM: [REDACTED]
Chief of Operations (PTOS)

SUBJECT: Entries for the DDA Log
26 November - 2 December 1980

1. Two Overseas Security Support Branch officers continue on a survey trip through South America. They are currently in [REDACTED] (S)

2. One OSSB officer again met with a representative of the Real Estate and Construction Division regarding the new Embassy construction [REDACTED] (C)

3. Industrial security audits began on 1 December and are now under way at [REDACTED] area. Industrial security audits at [REDACTED] in [REDACTED] are scheduled during the week of 8 December. (C)

4. Early in the morning of 27 November 1980, a fire broke out in one of the construction trailers at the [REDACTED] building site. The trailer, which belonged to Miller and Long, the major subcontractor on the building, was completely gutted with a loss of over \$20,000 worth of tools and equipment. The Fairfax County Fire Marshal conducted an investigation and concluded that the fire was apparently caused by a short circuit in some electrical equipment which was contained in the trailer. (U)

5. Two officers departed for [REDACTED] where they will conduct physical security surveys of [REDACTED] Agency facilities. These facilities include offices of [REDACTED]

6. A member of the ^{Domestic Security} branch, accompanied by security officers from NPIC and [REDACTED] traveled to NSA to be briefed on the plans for the film destruction/silver recovery facility which will be built at Fort Meade. The facility will be run by NSA but is intended for use by all members of the Intelligence Community. (U)
